IG_3DKARIŞIK (5).jpg

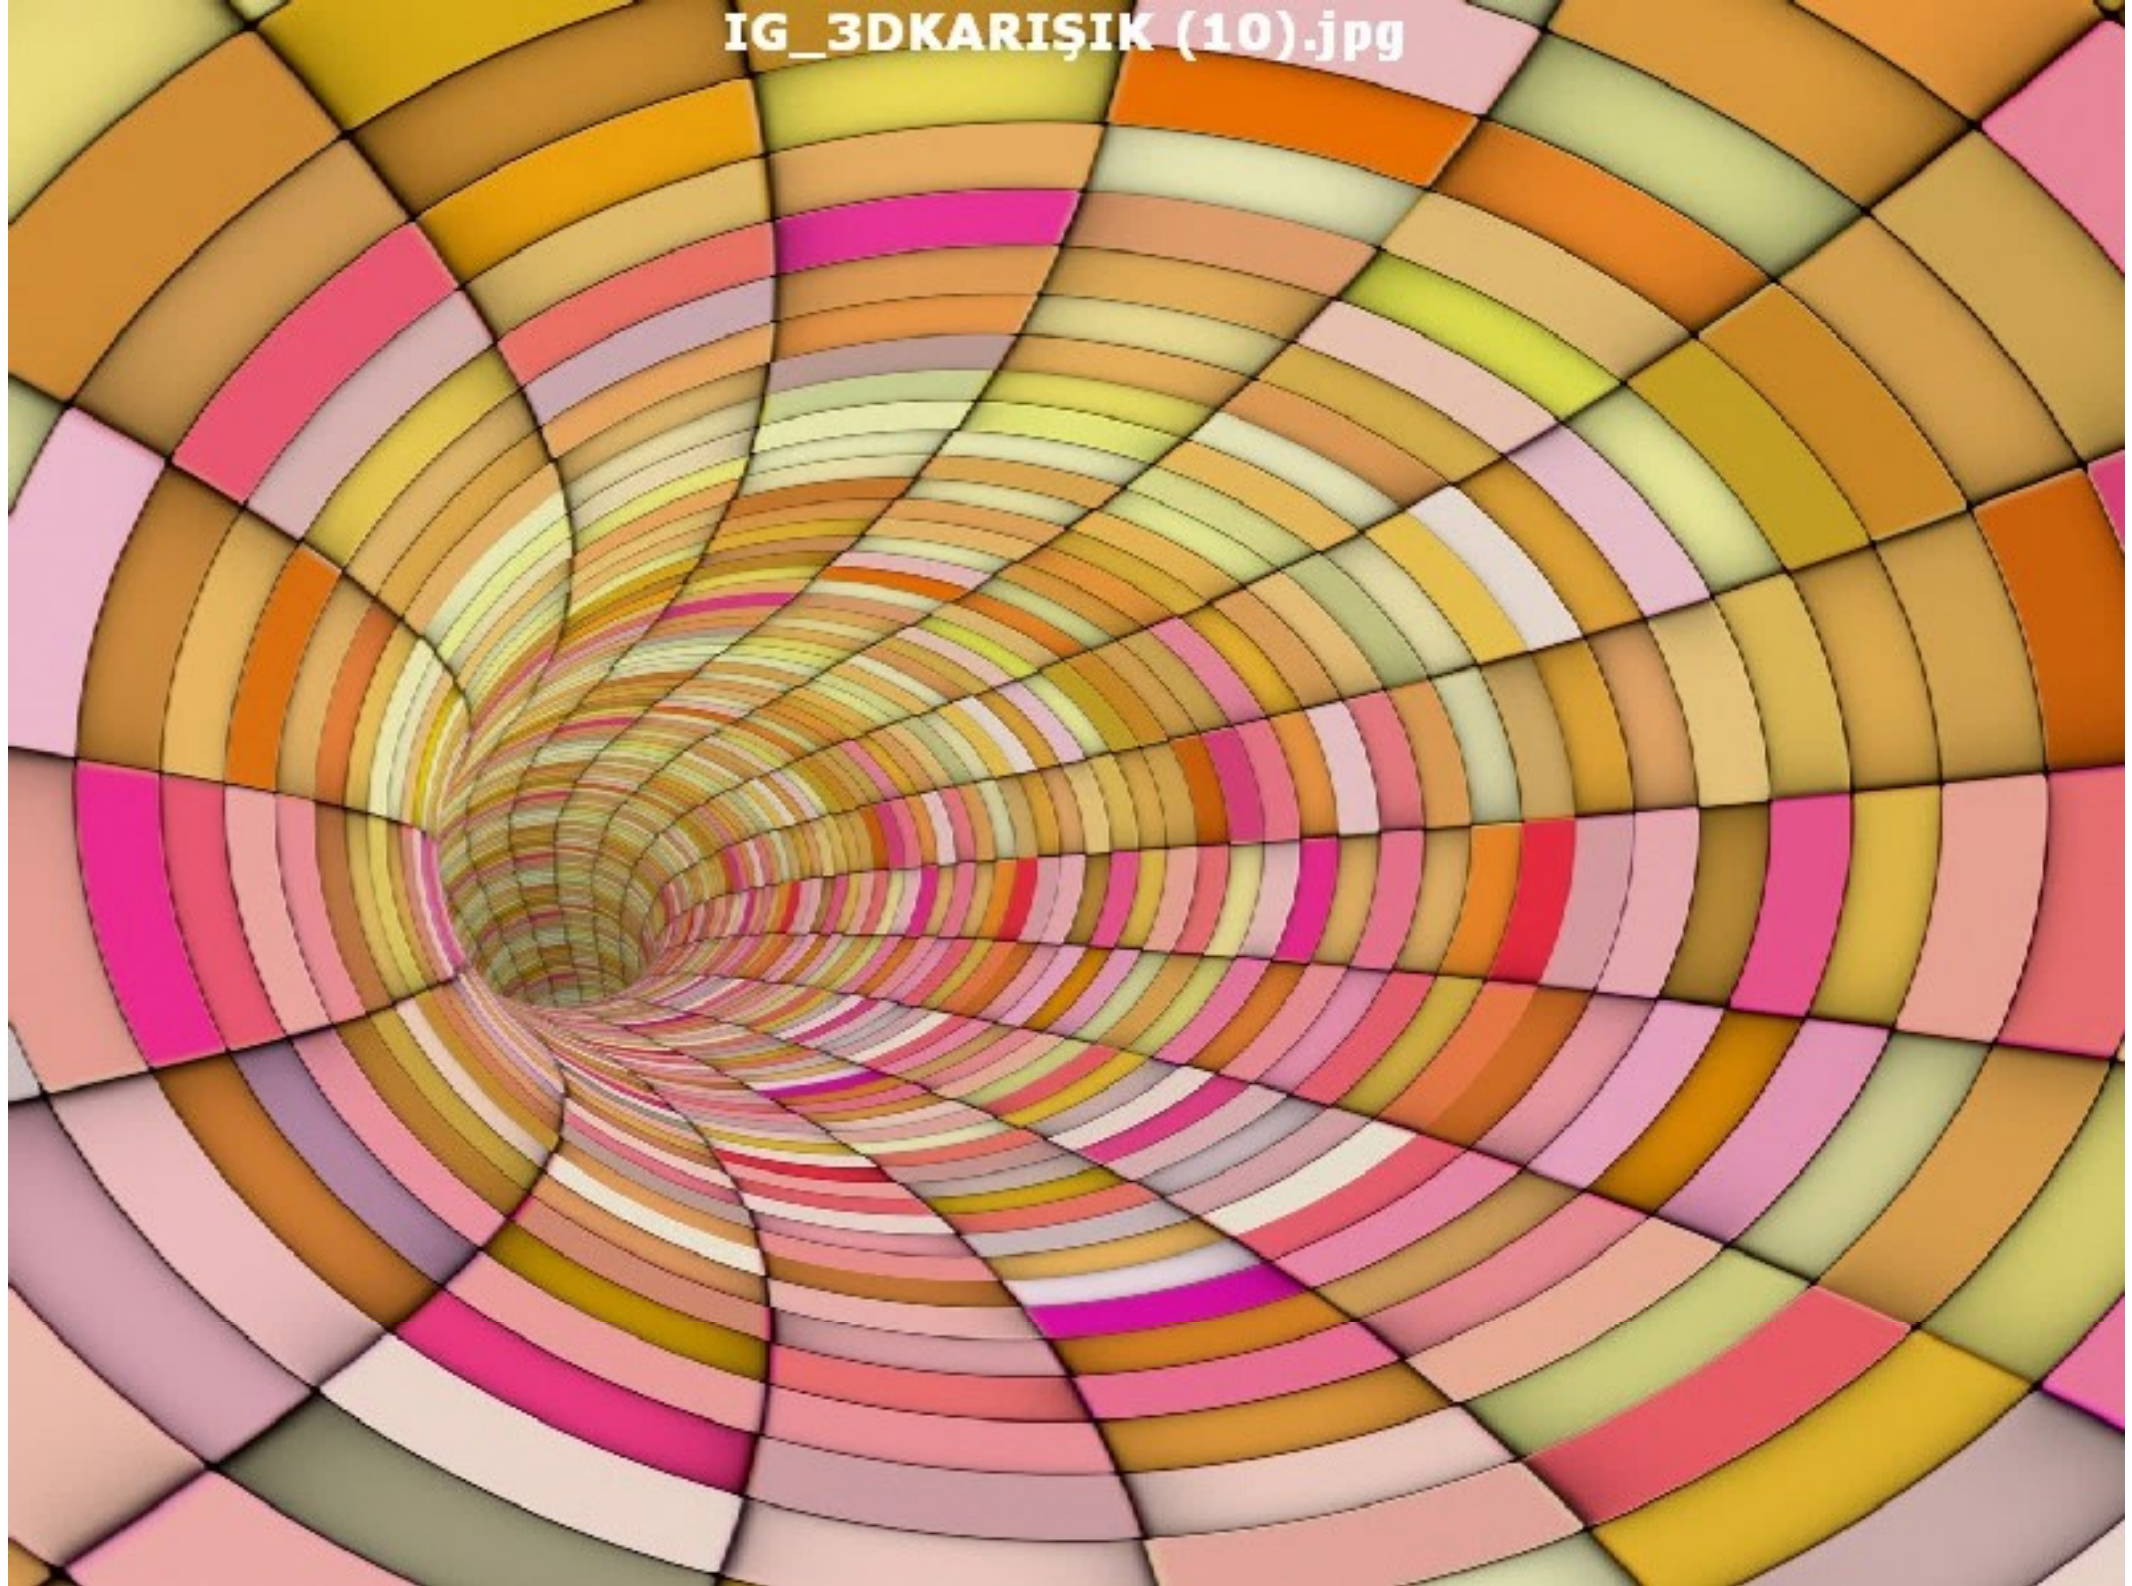

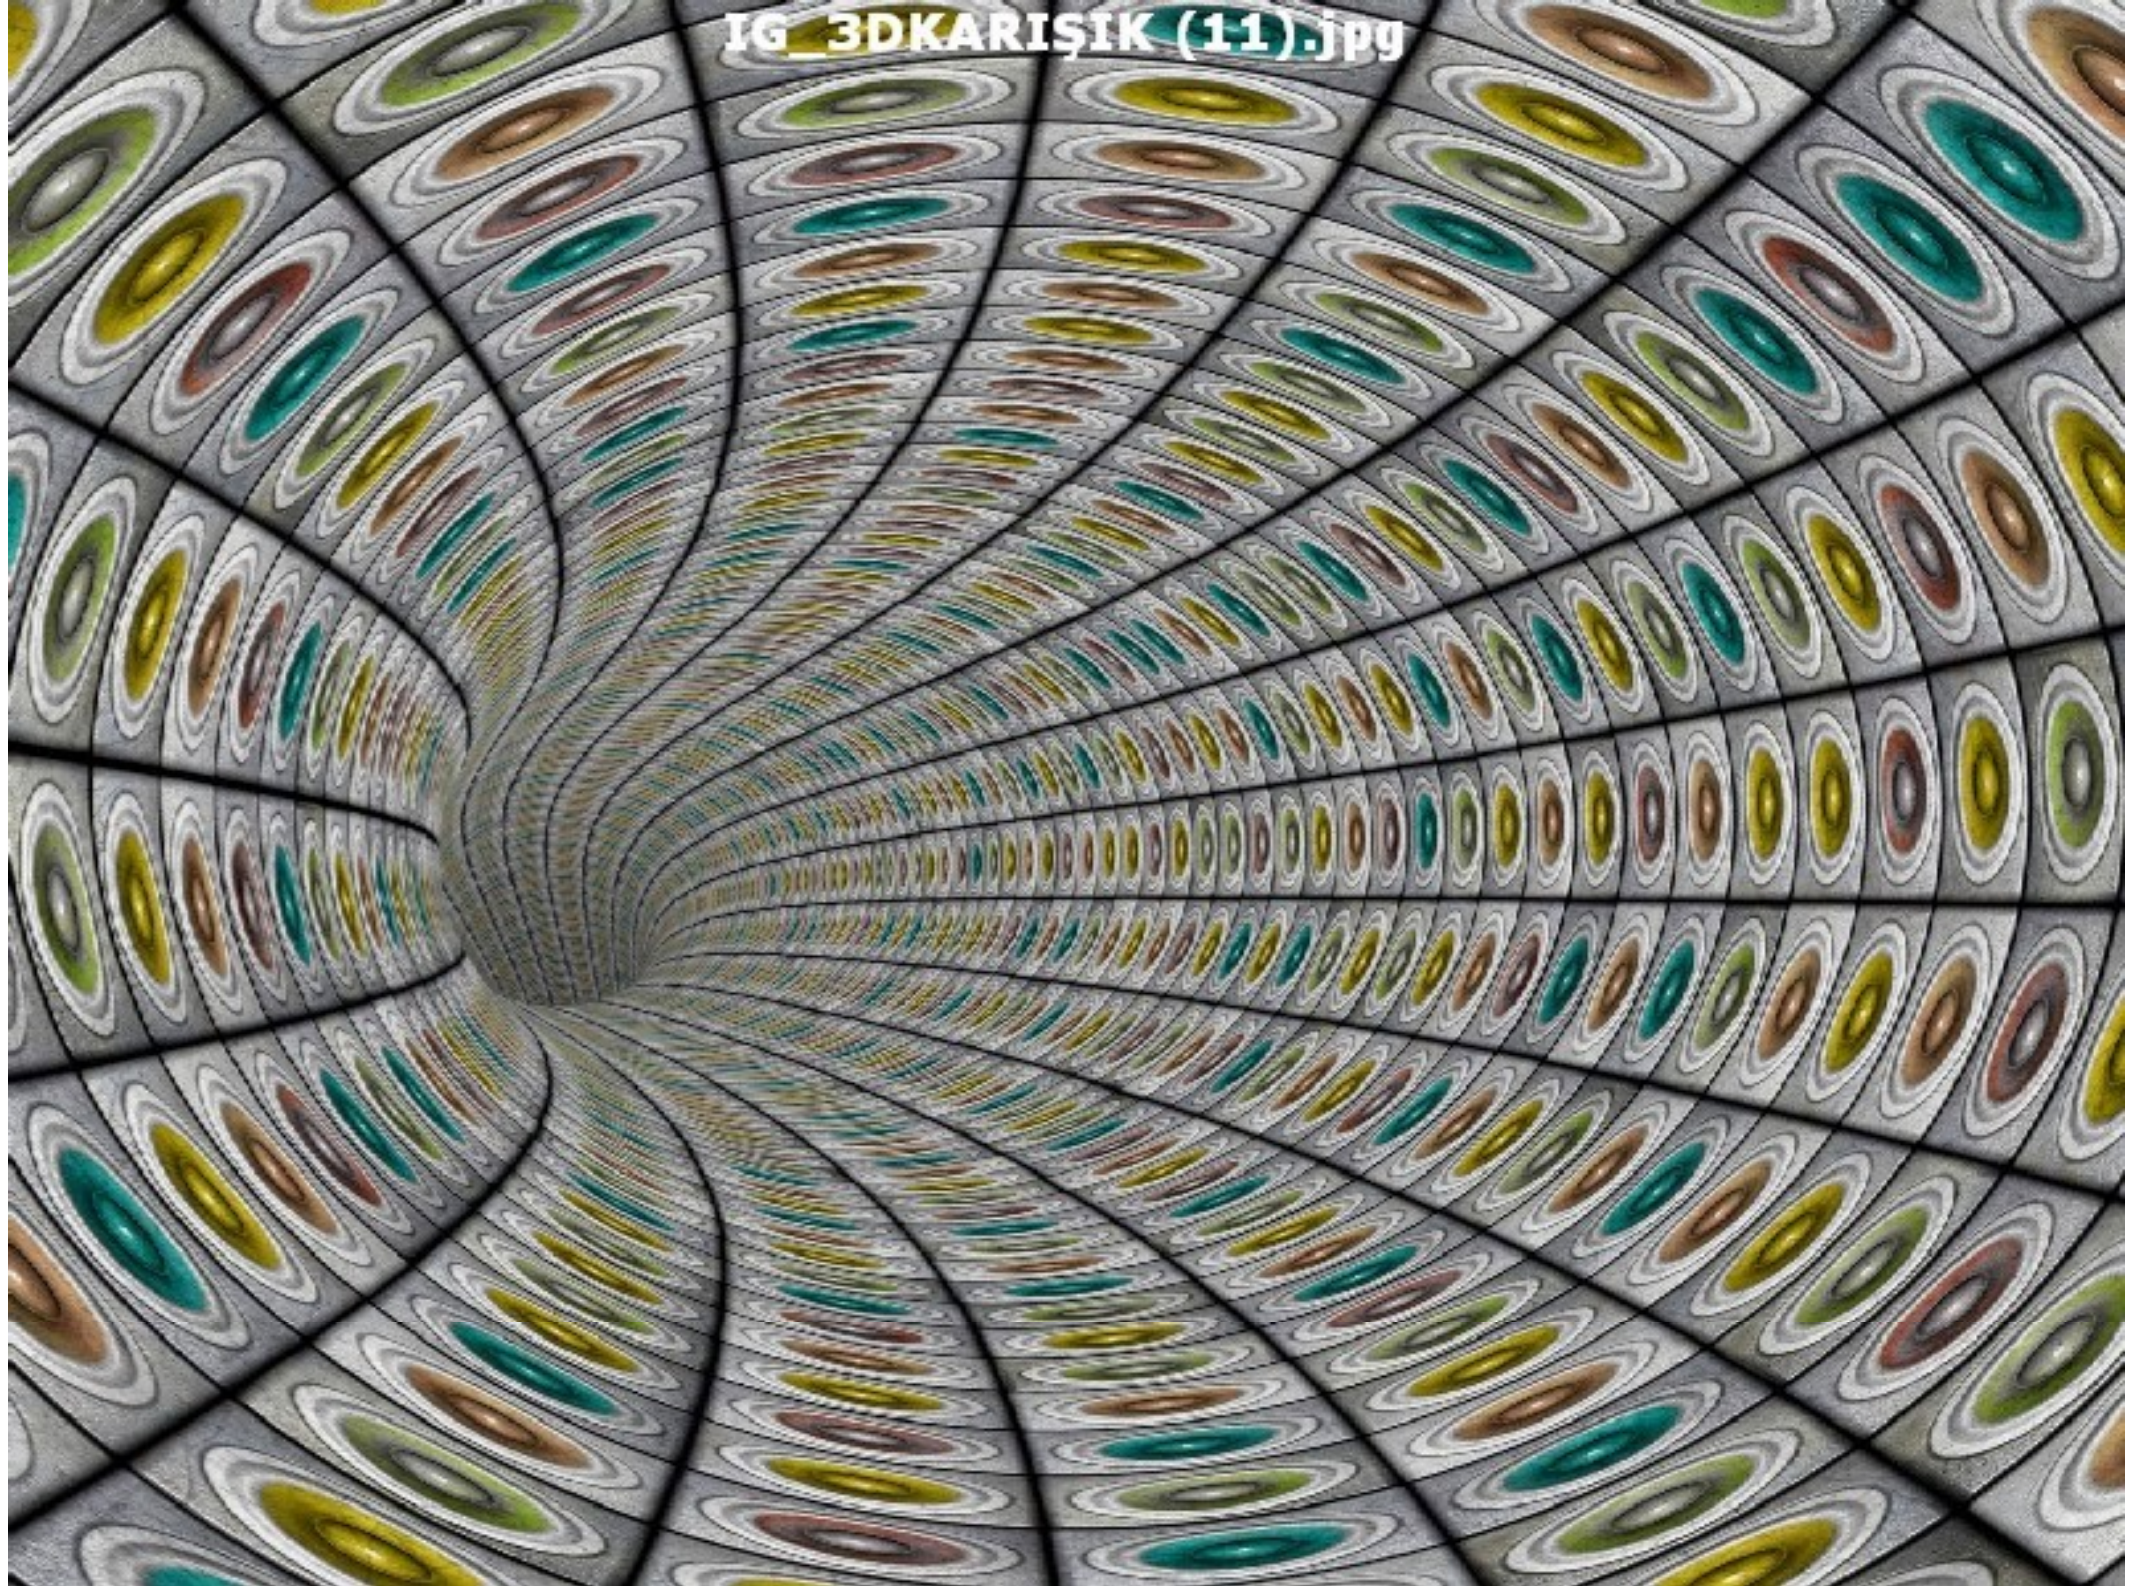

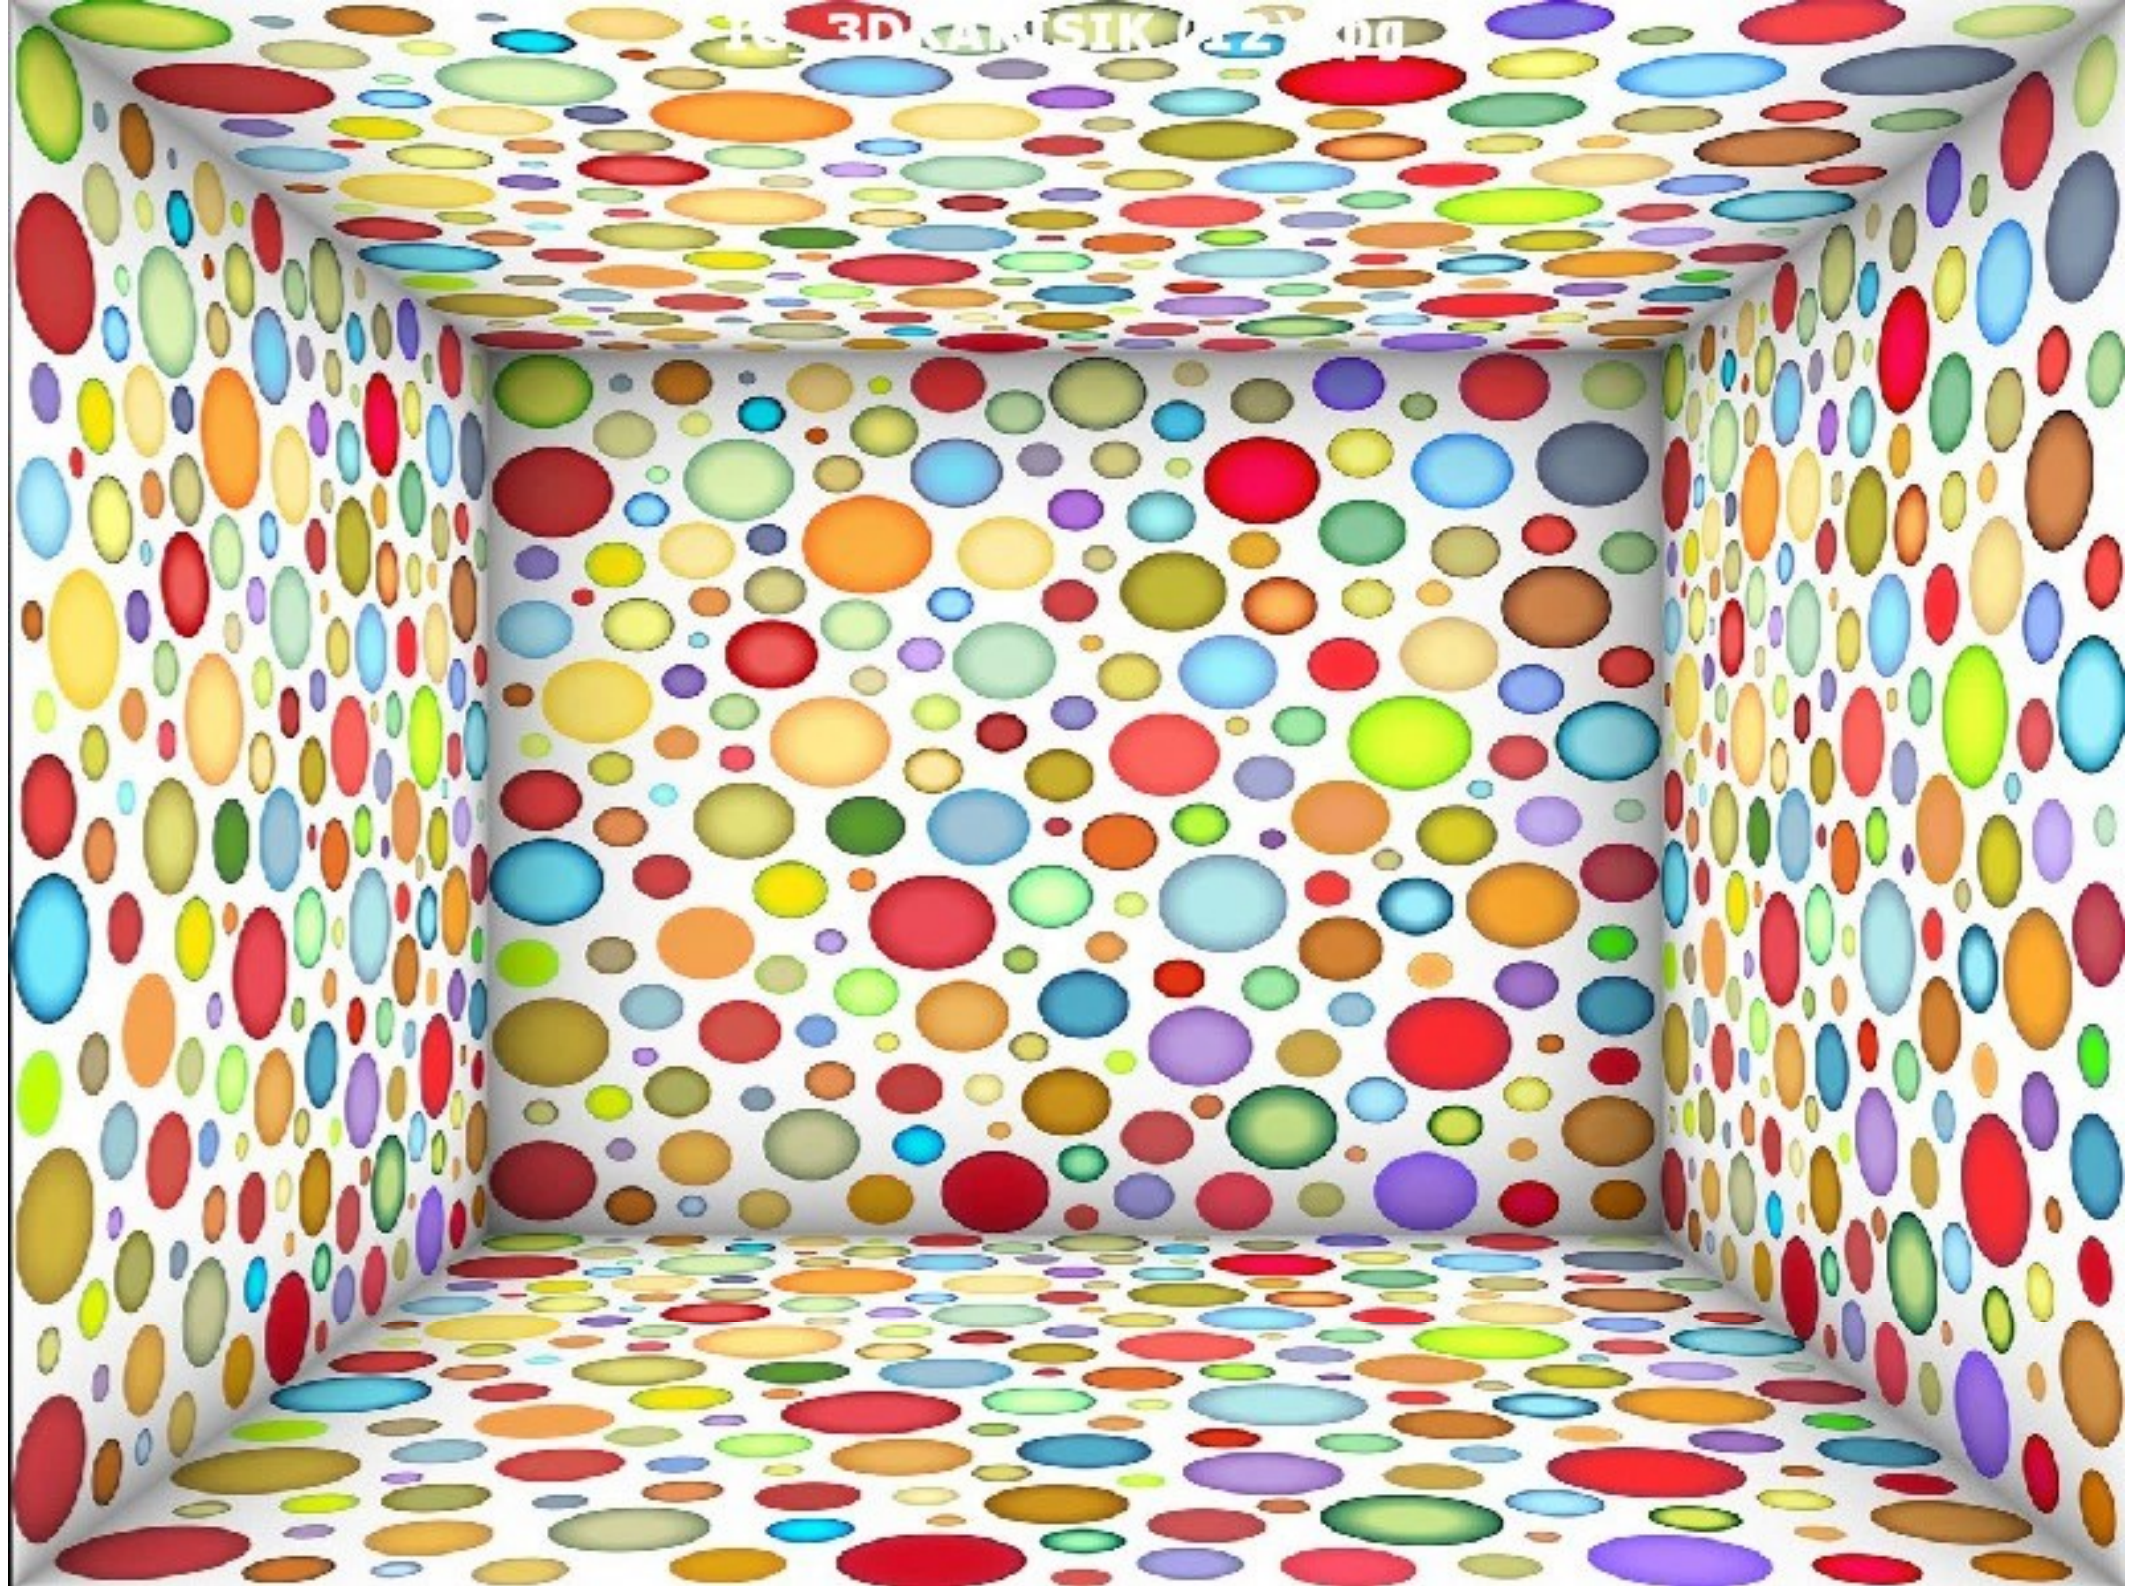

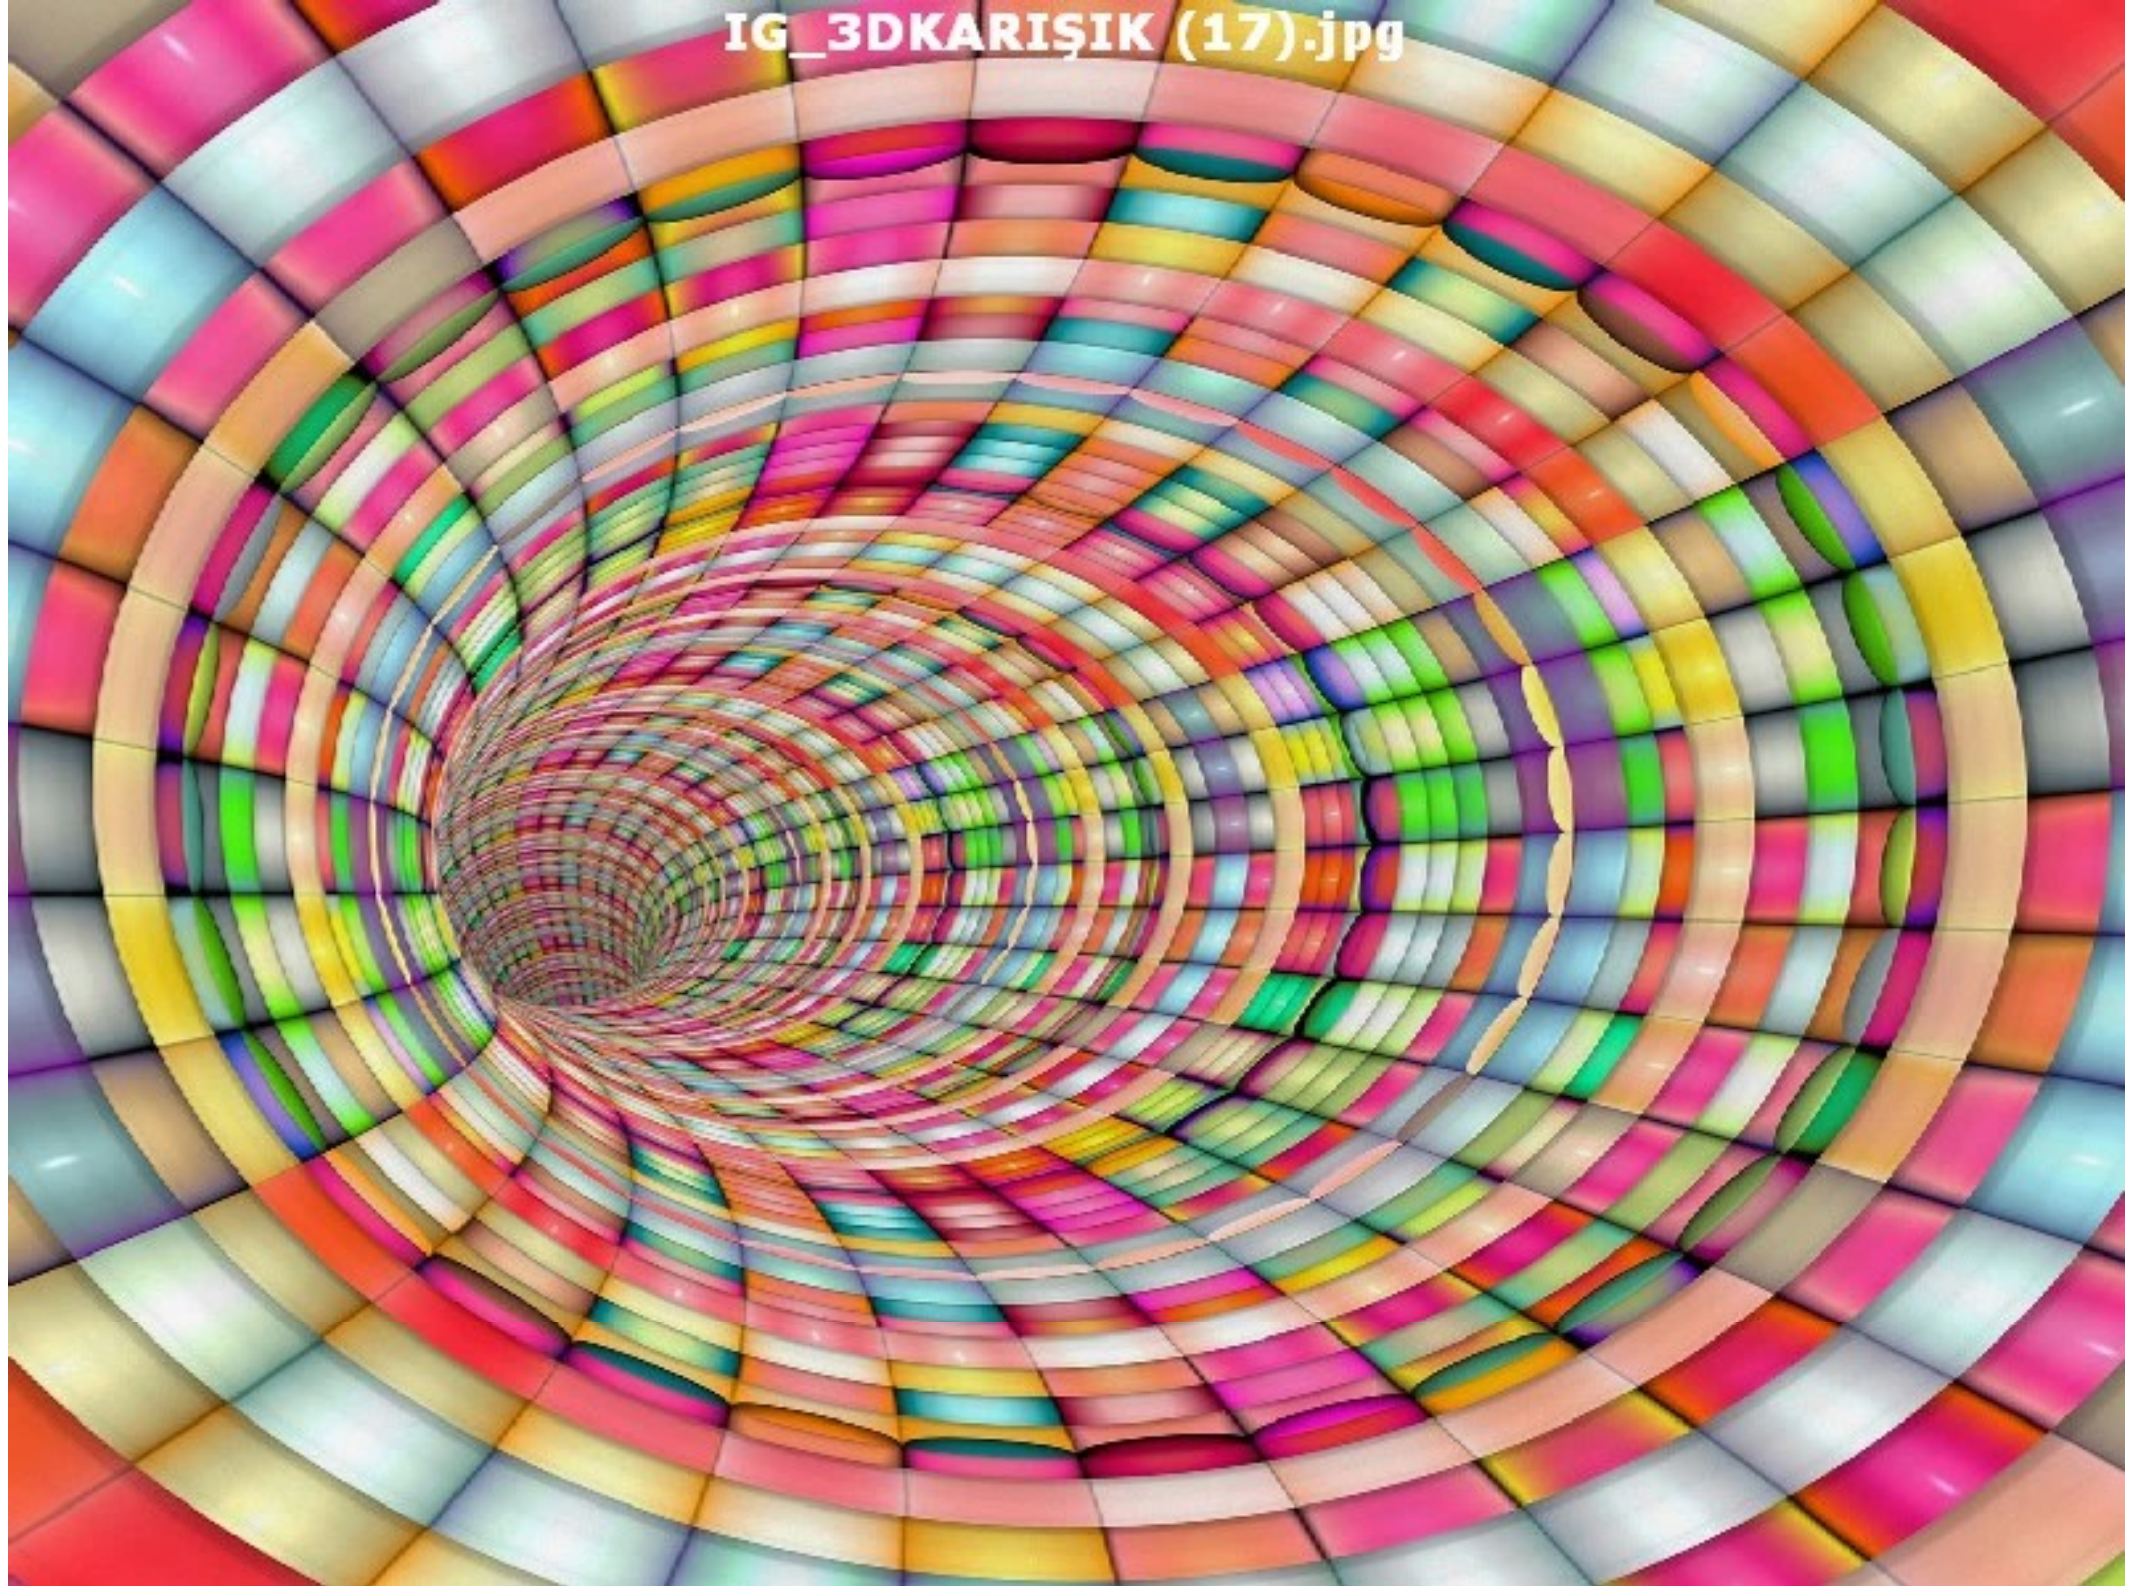

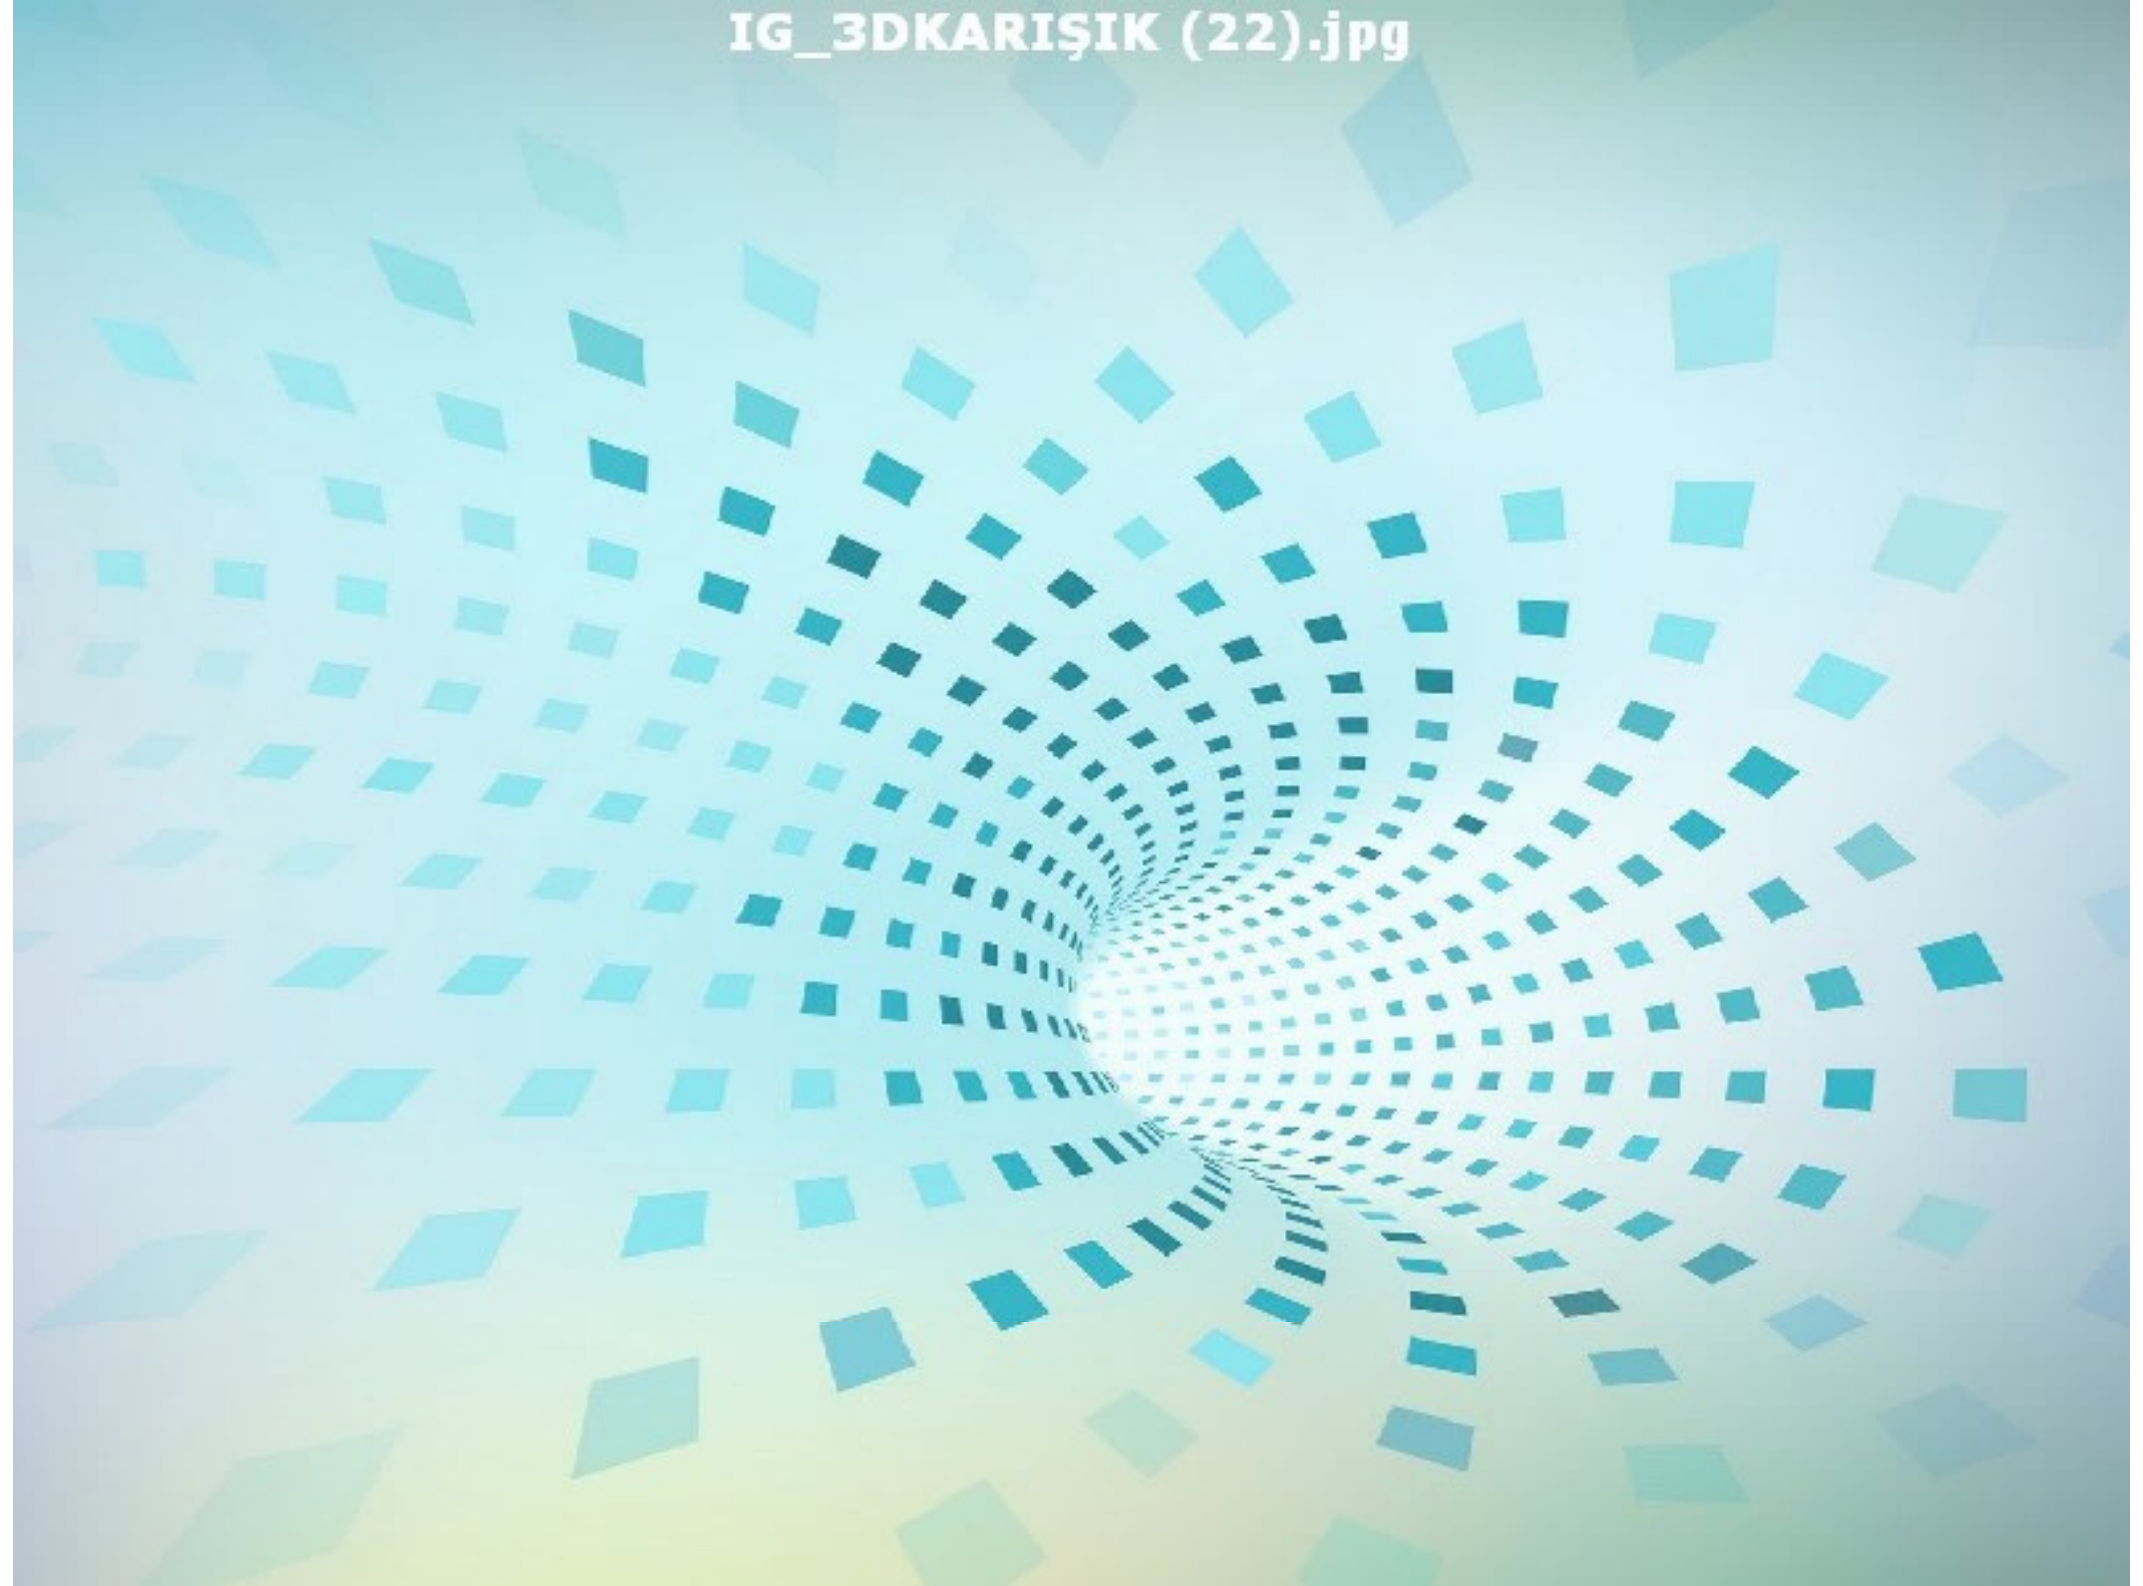

A 3D rendered image of a slot canyon. The walls are composed of smooth, undulating red rock with visible horizontal layering. The lighting is warm and directional, coming from the top, which creates strong highlights on the upper surfaces and deep shadows in the recesses, emphasizing the wavy textures. A bright blue sky is visible through the narrow opening at the top of the canyon. The overall color palette is dominated by various shades of red and orange, with the blue of the sky providing a sharp contrast.
